In order for a letter of credit to qualify as an asset of a trust reviewed under this section the trust agreement shall provide that:

1. The trustee shall have the right and the obligation to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced; and
2. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall constitute negligence and/or willful misconduct.

(g) In the determination of whether a trust is sufficient to cover the assuming insurer's liabilities, the term "liabilities" shall mean the assuming insurer's gross liabilities attributable to reinsurance ceded by United States domiciled insurers that are not otherwise secured by acceptable means, and shall include:

- D. Liabilities for policy and contract claims.

As used in this subdivision, "disability" means the class of insurance defined in Code Section 106.

(h) If an assuming insurer provided security meeting the requirements of Sections 2303.7, 2303.8 or 2303.9 of this article, then exhaustion of that security is a condition precedent to presentation of a claim by the ceding insurer for payment by a trustee of a U.S. trust established by the assuming insurer. The condition precedent shall be deemed satisfied if security held under Section 2303.9 of this article has been exhausted, and a demand for payment of the security established by the assuming insurer under Section 2303.7 or 2303.8 of this article has not been met within sixty (60) days of the demand.

(i) The Commissioner shall designate a trust meeting the requirements of this section as an approved U.S. trust. To retain eligibility of the trust, the assuming insurer shall file its annual and quarterly financial statements, trust statements, and lists of ceding insurers with the Commissioner at the same time such filings are made with the Oversight State. Not later than February 28 of each year, the assuming insurer shall file the trustees' report required by Code Section 922.4(c)(3)(E). Not later than August 15 of each year, the assuming insurer shall file the documents required in subdivision (b) of this section in the manner provided in Section 2303.22(d), except that it is not necessary to file duplicates of financial documents already submitted. §2303.7 CREDIT FOR REINSURANCE SECURED BY A SINGLE BENEFICIARY TRUST

(a) Credit on financial statements of a domestic insurer shall be allowed for reinsurance ceded to an assuming insurer to the extent of funds held in a trust acceptable to the Commissioner for the exclusive benefit of the ceding insurer as security for the payment of obligations under the reinsurance contract, unless the cession is not in compliance with this section and the applicable provisions of Sections 2303.11 through 2303.13 of this article. The amount of the credit shall not exceed the liabilities carried by the ceding insurer.

(b) As used in this subdivision:

1. "Beneficiary" means the domestic insurer for whose sole benefit the trust has been established, and includes any successor by operation of law of the named beneficiary, including without limitation any liquidator, rehabilitator, receiver or conservator.
2. "Grantor" means the insurer that has established the trust for the sole benefit of the beneficiary.
3. "Trustee" means a qualified United States financial institution as defined in Section 922.7(b) of the Code.

(c) A trust naming a domestic insurer as beneficiary shall not be acceptable to the Commissioner unless it meets all of the following requirements:

1. The trust agreement shall be entered into between the beneficiary, the grantor and a trustee.
2. The trust agreement shall create a trust account into which assets shall be deposited.
3. All assets in the trust account shall be held by the trustee at the trustee's office in the United States, except those assets held in book-entry form;
4. The trust agreement shall provide that:
 - A. The beneficiary shall have the right to withdraw assets from the trust account at any time, without prior notice to the grantor, subject only to written notice from the beneficiary to the trustee;
 - B. No other statement or document is required to be presented in order to withdraw assets, except that the beneficiary may be required to acknowledge receipt of withdrawn assets; and
 - C. It is not subject to any conditions or qualifications outside of the trust agreement.
5. The trust agreement shall be established for the sole benefit of the beneficiary.

6. The trust agreement shall require the trustee to:
 - A. Receive and hold all assets in a safe place;
 - B. Determine that all assets are in such form that the beneficiary, or the trustee upon direction by the beneficiary, may whenever necessary negotiate any such assets, without consent or signature from the grantor or any other person or entity;
 - C. Furnish to the grantor and the beneficiary a statement of all assets in the trust account upon its inception and at intervals no less frequent than the end of each calendar quarter;
 - D. Notify the grantor and the beneficiary within ten (10) business days, of any deposits to or withdrawals from the trust account;
 - E. Upon written demand of the beneficiary, immediately take any and all steps necessary to transfer absolutely and unequivocally all right, title and interest in the assets held in the trust account to the beneficiary and deliver custody of the assets to the beneficiary; and
 - F. Allow no substitutions or withdrawals of assets from the trust account, except on written instructions from the beneficiary, except that the trustee may, without the consent of but with notice to the beneficiary, upon call or maturity of any trust asset, withdraw such asset upon condition that the proceeds are paid into the trust account.
7. The trust agreement shall provide that at least thirty (30) days, but not more than forty-five (45) days, prior to termination of the trust account, written notification of termination shall be delivered by the trustee to the beneficiary by registered or certified mail, return receipt requested, or by overnight courier service, signature upon delivery required.
8. The trust agreement shall prohibit invasion of the trust corpus for the purpose of paying compensation to, or reimbursing the expenses of, the trustee.
9. The trust agreement shall provide that the trustee shall be liable for its own negligence or willful misconduct.
10. The trust agreement shall not contain references to any other agreements or documents.

(d) An acceptable trust agreement naming a domestic insurer as beneficiary may contain the following provisions:

1. The trust agreement may provide that the trustee may resign upon delivery of a written notice of resignation, effective not less than ninety (90) days after the beneficiary and grantor receive the notice and that the trustee may be removed by the grantor by delivery to the trustee and the beneficiary of a written notice of

removal, effective not less than ninety (90) days after the trustee and the beneficiary receive the notice, provided that no such resignation or removal shall be effective until a successor trustee has been duly appointed and approved by the beneficiary and the grantor and all assets in the trust have been duly transferred to the new trustee.

2. The grantor may have the full and unqualified right to vote any shares of stock in the trust account and to receive from time to time payments of any dividends or interest upon any shares of stock or obligations included in the trust account. Any such interest or dividends shall be either forwarded promptly upon receipt to the grantor or deposited in a separate account established in the grantor's name.
3. The trust agreement may provide that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash in United States dollars, certificates of deposit issued by a United States bank and payable in United States dollars, and investments permitted by the Code or any combination of the above; and may further provide that investments in or issued by an entity controlling, controlled by or under common control with either the grantor or the beneficiary of the trust shall not exceed five percent (5%) of total investments.
4. The trustee may be given authority to invest, and accept substitutions of, any funds in the account, provided that no investment or substitution shall be made without prior approval of the beneficiary, unless the trust agreement specifies categories of investments acceptable to the beneficiary and authorizes the trustee to invest funds and to accept substitutions which the trustee determines are at least equal in market value to the assets withdrawn and that are consistent with the restrictions in paragraph (d)(3) of this section.
5. The trust agreement may provide that the beneficiary may at any time designate a party to which all or part of the trust assets are to be transferred. Such transfer may be conditioned upon the trustee receiving, prior to or simultaneously, other specified assets.
6. The trust agreement may provide that, upon termination of the trust account, all assets not previously withdrawn by the beneficiary shall, with written approval by the beneficiary, be delivered over to the grantor.
7. The trust agreement may be made subject to and governed by the laws of the state in which the trust is domiciled.

(e) The trust securing the reinsurance agreement of a domestic ceding insurer shall not be acceptable unless the reinsurance agreement:

1. Provides that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash in United States dollars, certificates of deposit issued by a United States financial institution as defined in Code Section 922.7(a) and payable in United States dollars, and investments permitted by the California Insurance Code, or any combination of

the above.

2. Provides that investments in or issued by an entity controlling, controlled by or under common control with either the grantor or the beneficiary of the trust shall not exceed five percent (5%) of total investments.
3. Requires the assuming insurer, prior to depositing assets with the trustee, to execute assignments or endorsements in blank, or to transfer legal title to the trustee of all shares, obligations or any other assets requiring assignments, in order that the ceding insurer, or the trustee upon the direction of the ceding insurer, may, whenever necessary, negotiate these assets without consent or signature from the assuming insurer or any other entity.
4. Provides that assets in the trust account shall be withdrawn only as permitted in the reinsurance agreement, without diminution because of the insolvency of the ceding insurer or the assuming insurer.

(f) A reinsurance agreement of a domestic ceding insurer secured by the trust permitted under this section may:

1. Require the assuming insurer to enter into a trust agreement to establish a trust account for the benefit of the ceding insurer, and specify what the trust agreement is to cover.
2. Require, when the trust is established in conjunction with a reinsurance agreement covering risks other than life, annuities and accident and health, that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:
 - A. To pay or reimburse the ceding insurer for the assuming insurer's share under the specific reinsurance agreement regarding any losses and allocated loss expenses paid by the ceding insurer, but not recovered from the assuming insurer, or for unearned premiums due to the ceding insurer if not otherwise paid by the assuming insurer;
 - B. To make payment to the assuming insurer of any amounts held in the trust account that exceed one hundred and two percent (102%) of the actual amount required to fund the assuming insurer's obligations under the specific reinsurance agreement;
 - C. To pay any other amounts necessary to secure the credit or deduction from liability for reinsurance taken by the ceding insurer; or
 - D. Where the ceding insurer has received notification of termination of the trust and where any of the assuming insurer's obligations under the specific reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the obligations and deposit those amounts in a separate account in the name of the ceding insurer in any qualified United States financial

institution as defined in Code Section 922.7(b) apart from its general assets, in trust for such uses and purposes specified in subparagraphs (f)(3)(A) and (f)(3)(B) of this section as may remain executory after such withdrawal and for any period after the termination date.

E. "Obligations" as used in this paragraph means:

- i. Reinsured losses and allocated loss expenses paid by the ceding company, but not recovered from the assuming insurer;
- ii. Reserves for reinsured losses reported and outstanding;
- iii. Reserves for reinsured losses incurred but not reported; and
- iv. Reserves for reinsured allocated loss adjustment expenses and unearned premiums.

3. Require, when a trust is established to meet the requirements of Code Section 922.5 in conjunction with a reinsurance agreement covering life, annuities or accident and health risks, that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:

A. To pay or reimburse the ceding insurer for:

- i. The assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of the policies, and
- ii. The assuming insurer's share under the specific reinsurance agreement of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurer, under the terms and provisions of the policies reinsured under the reinsurance agreement;

B. To pay to the assuming insurer amounts held in the trust account in excess of the amount necessary to secure the credit or deduction from liability for reinsurance taken by the ceding insurer;

C. To pay any other amounts necessary to secure the credit or deduction from liability for reinsurance taken by the ceding insurer; or

D. Where the ceding insurer has received notification of termination of the trust and where any of the assuming insurer's obligations under the specific reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the termination date, to withdraw amounts equal to the assuming insurer's share of liabilities, to the extent that the liabilities

have not yet been funded by the assuming insurer, and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified United States financial institution apart from its general assets, in trust for such uses and purposes specified in subparagraphs (f)(4)(A) and (f)(4)(B) of this section as may remain executory after withdrawal and for any period after the termination date.

4. Give the assuming insurer the right to seek approval from the ceding insurer to withdraw from the trust account all or any part of the trust assets and transfer those assets to the assuming insurer, provided:
 - A. The assuming insurer shall, at the time of withdrawal, replace the withdrawn assets with other qualified assets having a market value equal to the market value of the assets withdrawn so as to maintain at all times the deposit in the required amount, or
 - B. After withdrawal and transfer, the market value of the trust account is no less than one hundred and two percent (102%) of the required amount.

The ceding insurer shall not unreasonably withhold its approval.

5. Provide for the return of any amount withdrawn in excess of the actual amounts required for paragraphs (f)(2) or (f)(3) of this section, and for interest payments at a rate not in excess of the prime rate of interest on the amounts held pursuant to paragraphs (f)(2) or (f)(3) of this section.
6. Require that all settlements of account between the ceding insurer and the assuming insurer be made in cash or its equivalent.
7. Permit the award by any arbitration panel or court of competent jurisdiction of:
 - A. Interest at a rate different from that provided in paragraph (f)(5) of this section,
 - B. Court or arbitration costs,
 - C. Attorney's fees, and
 - D. Other reasonable expenses.

(g) A trust in compliance with the provisions of this section may be used by a domestic insurer to reduce any liability for reinsurance ceded to an unauthorized reinsurer in financial statements required to be filed with this Department, when established on or before the date of filing of the financial statement of the ceding insurer. Further, the reduction for the existence of an acceptable trust may be up to the current fair market value of acceptable assets available to be withdrawn from the trust account at that time, but such reduction shall be no greater than the specific obligations under the reinsurance agreement that the trust was established to secure.

(h) The failure of any trust agreement or trust account established for the benefit of a domestic insurer to specifically identify the beneficiary as defined in Section 2303.7(b) of this article shall not be construed to affect any actions or rights which the Commissioner may take or possess pursuant to the provisions of the laws of this state.

(i) A denial of statement credit under this section shall be made in the manner prescribed in Section 2303.19(c) of this article.

§ 2303.8 CREDIT FOR REINSURANCE SECURED BY LETTER OF CREDIT

(a) Credit on financial statements of a domestic insurer shall be allowed for reinsurance ceded to an assuming insurer, in an amount not exceeding the liabilities carried by the ceding insurer, to the extent that security is provided by a letter of credit satisfactory to the Commissioner, unless the cession is not in compliance with the applicable provisions of Sections 2303.11 through 2303.13 of this article.

(b) As used in this section:

1. "Beneficiary" means the domestic insurer for whose sole benefit the letter of credit has been established by an issuing or confirming bank, and includes any successor by operation of law of the named beneficiary, including without limitation any liquidator, rehabilitator, receiver or conservator.
2. "Applicant" means the reinsurer that applies for and causes the letter of credit to be issued.

(c) A letter of credit naming a domestic insurer as beneficiary shall not be satisfactory to the Commissioner unless it meets the following requirements:

1. The letter of credit shall be issued or confirmed by a qualified United States financial institution as defined in Code Section 922.7(a).
2. The letter of credit shall state that it is irrevocable and unconditional, and shall:
 - A. Contain no extraneous language or reference to any other agreements, documents or entities.
 - B. Provide that, except where the amount of the letter of credit is increased, the letter cannot be modified without the prior written consent of the beneficiary.
 - C. Provide that the obligation of the issuing or confirming bank is not contingent upon reimbursement or its ability to perfect a lien or obtain a security interest.

3. In order to draw funds, the letter of credit shall require only the presentation of a sight draft indicating the credit number.
4. The letter of credit shall contain an issue date and an expiration date.
5. The letter of credit shall be for a term of not less than one year.
6. The letter of credit shall contain an “evergreen” clause which provides that the term of the letter shall extend automatically without amendment for the same term as the original letter, unless at least sixty (60) days prior to the expiration date, a notice of non-renewal is sent to the beneficiary by registered or certified mail, return receipt requested, or by overnight courier service, signature upon delivery required.
7. The letter of credit shall state the address of the issuing bank or confirming bank where the letter is issued or confirmed, where it is payable, and where drafts may be presented for payment. The letter may also permit the presentation of sight drafts at other designated offices.
8. If the letter of credit is made subject to the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce (Publication 500), or any successor publication, then the letter of credit shall specifically provide for a period of not less than sixty (60) days after the resumption of business to draw against the letter of credit in the event that one or more of the occurrences specified in Article 17 of Publication 500, or any successor publication, occur causing interruption of the business of the bank or of the beneficiary.
9. If the letter of credit is not made subject to the publication referenced in paragraph (c)(9) of this section, the letter shall provide for a period of not less than sixty (60) days after resumption of business to draw against the letter of credit in the event of an interruption of the business of the bank or of the beneficiary caused by an Act of God, riot, civil commotion, insurrection, war, terrorism or any other cause beyond control or by any strike or lockout.
10. If the letter of credit is more than one page, each page shall identify the issuing bank and the credit number.
11. The heading of the letter of credit may include a boxed section containing the name of the applicant, the beneficiary’s name and state of domicile, and other appropriate notations to provide a reference for the letter of credit. The boxed section shall be clearly marked to indicate that such information is for internal identification purposes only.

(d) An optional form that meets the letter of credit requirements of this section is provided in Section 2303.25(d) of this article. A written determination that an alternate form meets the requirements of this section may be made in the manner set forth in Section 2303.22(e) of this article.

(e) A reinsurance agreement entered in conjunction with a letter of credit naming a

domestic insurer as beneficiary may contain provisions that:

1. Require the assuming insurer to provide letters of credit to the ceding insurer and specify what they are to cover.
2. Stipulate that the assuming insurer and ceding insurer agree that a letter of credit provided by the assuming insurer pursuant to the provisions of the reinsurance agreement may be drawn upon at any time, notwithstanding any other provisions in the agreement, and shall be utilized by the ceding insurer or its successors in interest only for one or more of the following reasons:
 - A. To pay or reimburse the ceding insurer for:
 - i. The assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of such policies;
 - ii. The assuming insurer's share, under the specific reinsurance agreement, of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurer, under the terms and provisions of the policies reinsured under the reinsurance agreement; and
 - iii. Any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer.
 - B. To secure payment of the assuming insurer's obligations where the letter of credit will expire without renewal or be reduced or replaced by a letter of credit for a reduced amount and where the assuming insurer's obligations under the reinsurance agreement remain unliquidated and undischarged ten (10) days prior to the expiration date, by withdrawing amounts equal to the assuming insurer's share of the liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer and exceed the amount of any reduced or replacement letter of credit, and depositing those amounts in a separate account in the name of the ceding insurer in a qualified United States financial institution as defined in Code Section 922.7(b) apart from its general assets, in trust for such uses and purposes specified in subparagraph (f)(2)(A) of this section as may remain after withdrawal.
3. Provide for an interest payment, at a rate not in excess of the prime rate of interest, on the amounts held pursuant to paragraph (f)(2) of this section; or the return of any amounts drawn down on the letters of credit in excess of any amounts that are subsequently determined not to be due.

(f) A denial of statement credit under this section shall be made in the manner prescribed in Section 2303.19(c) of this article.

§ 2303.9 CREDIT FOR REINSURANCE SECURED BY FUNDS WITHHELD

(a) Credit on financial statements of a domestic insurer shall be allowed for reinsurance ceded to an unauthorized reinsurer, in an amount not exceeding the liabilities carried by the ceding insurer, to the extent of unencumbered funds withheld by the ceding insurer as security for payment of the reinsurer's obligations under the reinsurance agreement, unless the cession is not in compliance with applicable requirements of Sections 2303.11 through 2303.13 of this article.

(b) As used in subdivision (a) of this section, "unencumbered funds withheld" means funds that are held in the United States solely in the name of and under the exclusive control of the ceding insurer. For purposes of this section, "exclusive control of the ceding insurer" includes (1) funds held in an escrow or trust account where the ceding insurer has the sole right to withdraw assets from the account at any time and without prior notice to the reinsurer, and (2) funds held in an escrow or trust account to secure a cession to an affiliate. The agreement establishing the escrow or trust account shall be in a form satisfactory to the Commissioner.

(c) A denial of statement credit under this section shall be made in the manner prescribed in Section 2303.19(c) of this article.

Note: Authority Cited: Sections 922.8, 923, California Insurance Code; CalFarm Insurance Company v. Deukmejian, 48 Cal. 3d 805 (1989); and 20th Century Insurance Company v. Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 922.2, 922.3, 922.5, and 923, California Insurance Code.

§ 2303.10 CREDIT FOR REINSURANCE OF FOREIGN INSURERS

(a) Credit for reinsurance shall not be allowed a foreign insurer for an agreement not in compliance with the applicable requirements of Sections 2303.11, 2303.12 and 2303.13 of this article and the requirements of Code Section 923.

(b) Credit for reinsurance meeting the requirements of subdivision (a) of this section shall be allowed to the extent that credit is allowed by the foreign insurer's state of domicile, unless the Commissioner has made the finding permitted by Code Section 922.6(b).

(c) If the Commissioner has reason to question a claim for statement credit and elects to review the claim pursuant to the provisions of Code Section 922.6(b), a foreign insurer shall provide all information and documentation as may be requested. If the information and documentation submitted by the foreign insurer does not establish to the Commissioner's satisfaction that the requirements of subdivision (d) of this section have been met, credit for the reinsurance shall be denied in the manner prescribed in Section 2303.19(c) of this article.

(d) Where credit is claimed on the basis that an unauthorized reinsurer is either licensed or accredited in the foreign insurer's state of domicile, the reinsurer must meet the financial standards for either licensing or accreditation in California. Where credit is claimed on the

basis of security in the form of a trust agreement, letter of credit, or funds held agreement, the security must, in substance, meet the standards for like security in California.

(e) A foreign insurer shall pay the cost of examination of the documents and information it submits to the Department pursuant to subdivision (c) of this section.

Note: Authority Cited: Sections 922.8, 923, California Insurance Code; CalFarm Insurance Company v. Deukmejian, 48 Cal. 3d 805 (1989); and 20th Century Insurance Company v. Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 922.3, 922.6, and 923, California Insurance Code.

§ 2303.11 TRANSFER OF RISK -- LIFE & DISABILITY

(a) This section prescribes accounting and other requirements for admitted life and disability insurers and for admitted property and casualty insurers with respect to their disability business. Failure to comply with this section results in a ceding insurer improperly reducing liabilities or establishing assets for reinsurance ceded, and, pursuant to Section 922.3 of the Code, the Commissioner shall not allow credit for such reinsurance.

(b) This section shall not apply to assumption reinsurance, or non-proportional reinsurance such as stop loss or catastrophe reinsurance. Except as provided in the Statutory Account Principles ("SSAP") 61 of the NAIC Accounting Guidance, it shall also not apply to yearly renewable term reinsurance ("YRT"), as described in SSAP 61, that provides reserve credit not greater than up to one year's valuation mortality cost.

(c) No insurer shall, for reinsurance ceded, reduce any liability or establish any asset in any statutory financial statement if, by the terms of the reinsurance agreement, in substance or effect, any of the following conditions exist:

1. Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period are not sufficient to cover anticipated allocable renewal expenses of the ceding insurer on the portion of the business reinsured, unless a liability is established for the present value of the shortfall (using assumptions equal to the applicable statutory reserve basis on the business reinsured). Those expenses include commissions, premium taxes and direct expenses including, but not limited to, billing, valuation, claims and maintenance expected by the company at the time the business is reinsured.
2. The ceding insurer can be deprived of surplus or assets at the reinsurer's option, at a specified time scheduled in the reinsurance agreement, or automatically upon the occurrence of some event, such as the insolvency of the ceding insurer, except that termination of the reinsurance agreement by the reinsurer for nonpayment of reinsurance premiums or other amounts due, such as modified coinsurance reserve adjustments, interest and adjustments on funds withheld, and tax reimbursements, shall not be considered to be such a deprivation of surplus or assets.
3. The ceding insurer is required to reimburse the reinsurer for negative experience under the reinsurance agreement, except that neither offsetting experience refunds against current and prior years' losses under the agreement nor

payment by the ceding insurer of an amount equal to the current and prior years' losses under the agreement upon voluntary termination of in force reinsurance by the ceding insurer shall be considered such a reimbursement to the reinsurer for negative experience.

4. The ceding insurer must, at specific points in time scheduled in the agreement or at the reinsurer's option, terminate or automatically recapture all or part of the reinsurance ceded.
5. The reinsurance agreement involves the possible payment by the ceding insurer to the reinsurer of amounts other than from income realized from the reinsured policies. For example, it is improper for a ceding company to pay reinsurance premiums, or other fees or charges to a reinsurer which are greater than the direct premiums collected by the ceding company.
6. The treaty does not transfer all of the significant risks inherent in the business being reinsured. The following table identifies for a representative sampling of products or type of business, the risks which are typically considered to be significant. For products not specifically included, the risks determined to be significant shall be consistent with this table.

TABLE OF SIGNIFICANT RISKS

RISK CATEGORIES:

i. Morbidity

ii. Mortality

iii. Lapse

This is the risk that a policy will voluntarily terminate prior to the recoupment of a statutory surplus strain experienced at issue of the policy.

iv. Credit Quality

This is the risk that invested assets supporting the reinsured business will decrease in value. The main hazards are that assets will default or that there will be a decrease in earning power. It excludes market value declines due to changes in interest rate.

v. Reinvestment

This is the risk that interest rates will fall and funds reinvested (coupon payments or monies received upon asset maturity or call) will therefore earn less than expected. If asset durations are less than liability durations, the mismatch will increase.

vi. Disintermediation

This is the risk that interest rates rise and policy loans and surrenders increase or maturing contracts do not renew at anticipated rates of renewal. If asset durations are greater than the liability durations, the mismatch will increase. Policyholders will move their funds into new products offering higher rates. The company may have to sell assets at a loss to provide for these withdrawals.

7. The credit quality, reinvestment, or disintermediation risk is significant for the business reinsured and the ceding company does not either transfer the underlying assets to the reinsurer or legally segregate such assets in a trust or escrow account or otherwise establish a mechanism satisfactory to the Commissioner which segregates, by contract or contract provision, the underlying assets. Assets held to secure statement credit for a cession to an unauthorized reinsurer as permitted by Code Section 922.5(a)(1) may not be placed in a trust or escrow account unless (1) the reinsurer is an affiliate of the ceding insurer, or (2) the agreement establishing the escrow or trust account provides that the ceding insurer has the sole right to withdraw assets from the account at any time and without prior notice to the reinsurer. The agreement establishing the escrow or trust account shall be in a form satisfactory to the Commissioner.

A. This paragraph shall not apply to the assets supporting the reserves for the following classes of business:

- (i) Health Insurance - LTC/LTD
- (ii) Traditional Non-Par Permanent
- (iii) Traditional Par Permanent
- (iv) Adjustable Premium Permanent
- (v) Indeterminate Premium Permanent
- (vi) Universal Life Fixed Premium
(no dump-in premiums allowed)

B. When asset segregation is not required, the associated formula for determining the reserve interest rate adjustment shall reflect the ceding company's investment earnings and incorporate all realized and unrealized gains and losses reflected in the statutory statement. The following is an acceptable formula:

$$\text{Rate} = \frac{2(I + CG)}{X + Y - I - CG}$$

Where:

- I is the net investment income
- CG is capital gains less capital losses
- X is the current year cash and invested assets plus investment income due and accrued less borrowed money
- Y is the same as X but for the prior year

8. Settlements are made less frequently than quarterly or amounts receivable from the reinsurer are not paid in cash within ninety (90) days of the settlement date.
9. The ceding insurer is required to make representations or warranties not reasonably related to the business being reinsured.

10. The ceding insurer is required to make representations or warranties about future performance of the business being reinsured.
11. The reinsurance agreement is entered into for the principal purpose of producing significant surplus aid for the ceding insurer, typically on a temporary basis, while not transferring all of the significant risks inherent in the business reinsured and, in substance or effect, the expected potential liability to the ceding insurer remains basically unchanged.

(d) Notwithstanding subdivision (c) of this section, the Commissioner may allow such reserve credit or establishment of such asset as the Commissioner considers appropriate. Such allowance shall not be deemed approval of the reinsurance treaty nor shall it be considered an indication that reinsurance credit may be allowed for other similar treaties.

(e) Any agreement entered into after the Effective Date of this section which involves the reinsurance of business issued prior to the effective year of the agreement, along with any subsequent amendments thereto, shall be filed by the ceding company with the Commissioner within 30 days from its date of execution if such ceding company is domiciled in this state. Each such filing shall include data detailing the financial impact of the transaction. In the case of an agreement which was entered into prior to the Effective Date of this section but was subsequently amended on or after the Effective Date of this section, such agreement and amendment shall also be filed within 30 days from the date of execution of the amendment if such amendment added business issued prior to the effective year of the amendment and if the ceding company is domiciled in this state. The requirements of this subdivision are in addition to any other filings required by the Code or this article.

(f) Any increase in surplus net of federal income tax resulting from reinsurance agreements entered into or amended after the Effective Date of this section which involve the reinsurance of business issued prior to the effective date of the agreements shall be identified separately on the insurer's statutory financial statement as a surplus item and recognition of the surplus increase as income shall be reflected on a net of tax basis as earnings emerge from the business reinsured.

For example, on the last day of calendar year N, company XYZ pays a \$20 million initial commission and expense allowance to company ABC for reinsuring an existing block of business. Assuming a 34% tax rate, the net increase in surplus at inception is \$13.2 million (\$20 million - \$6.8 million) which is reported on the "Aggregate write-ins for gains and losses in surplus" line in the Capital and Surplus account. \$6.8 million (34% of \$20 million) is reported as income on the "Commissions and expense allowances on reinsurance ceded" line of the Summary of Operations.

At the end of year N+1 the business has earned \$4 million. ABC has paid \$.5 million in profit and risk charges in arrears for the year and has received a \$1 million experience refund. Company ABC's annual statement would report \$1.65 million (66% of (\$4 million - \$1 million - \$.5 million) up to a maximum of \$13.2 million) on the "Commissions and expense allowance on reinsurance ceded" line of the Summary of Operations, and -\$1.65 million on the "Aggregate write-ins for gains and losses in surplus" line of the Capital and Surplus account. The experience refund would be reported separately as a miscellaneous income item in the Summary of Operations.

(g) The ceding insurer's appointed actuary shall consider this section and any applicable actuarial standards of practice when determining the proper credit to take in financial statements filed with this Department. The appointed actuary should maintain adequate documentation and be prepared upon request to justify the inclusion of credit in the financial statement.

(h) If a letter of intent precedes the execution of a reinsurance agreement or amendment to a reinsurance agreement, then the agreement or the amendment must be executed within a reasonable period of time, not exceeding ninety (90) days from the execution date of the letter of intent.

(i) No reinsurance agreement or amendment to any agreement may be used to reduce any liability or to establish any asset in any financial statement filed with the Department, unless the agreement, amendment or a binding letter of intent has been duly executed by both parties no later than the "as of date" of the financial statement.

(j) The reinsurance agreement shall expressly state that it constitutes the entire agreement between the parties with respect to the business being reinsured thereunder and that there are no understandings between the parties other than as expressed in the agreement. The entire agreement clause may provide that it shall not be construed to limit the admissibility of evidence regarding the formation, interpretation, purpose or intent of the reinsurance agreement.

(k) In the review of a reinsurance agreement to determine transfer of risk, all contracts between the ceding insurer, its affiliates and the reinsurer may, in the Commissioner's discretion, be reviewed.

(l) A denial of statement credit under this section shall be made in the manner prescribed in Section 2303.19(c) of this article.

§ 2303.12 TRANSFER OF RISK – PROPERTY & CASUALTY

This section applies only to property and casualty insurance.

(a) Transfer of risk shall be determined by application of the risk transfer requirements of the NAIC Accounting Guidance. In the review of a reinsurance agreement to determine transfer of risk, all contracts between the ceding insurer, the reinsurer, and their respective affiliates, may, in the Commissioner's discretion, be reviewed to evaluate contractual features that may

- (1) limit the amount of insurance risk to which the reinsurer is subject under the agreement, or
- (2) delay the timely reimbursement of claims by the reinsurer.

(b) A denial of statement credit for failure of risk transfer shall be made in the manner prescribed in Section 2303.19(c) of this article.

Note: Authority Cited: Sections 922.8, California Insurance Code; CalFarm Insurance Company v. Deukmejian, 48 Cal. 3d 805 (1989); and 20th Century Insurance Company v. Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 922.3 and 923, California Insurance Code.

§ 2303.13 CONTRACT REQUIREMENTS FOR STATEMENT CREDIT

(a) Credit for reinsurance may be claimed only for an agreement that meets the requirements of this section.

(b) A reinsurance agreement of a domestic insurer or volume insurer ceding property and casualty business shall expressly state that it constitutes the entire agreement between the parties with respect to the business covered by the agreement, except for separate contracts expressly disclosed within the agreement or in an exhibit incorporated by reference. The entire agreement clause may provide that it shall not be construed to limit the admissibility of evidence regarding the formation, interpretation, purpose or intent of the reinsurance agreement.

(c) A volume insurer shall not be denied credit for a reinsurance agreement on the grounds of failure to comply with the requirements of subdivision (b) of this section if:

1. On the date of execution of a new or renewal agreement the insurer was not a volume insurer; or
2. The insurer was not a volume insurer in the year preceding the execution of a new or renewal agreement, and the agreement was executed within one hundred twenty (120) days of the “as of” date of the insurer’s most recent annual statement.

(d) The agreement shall contain an acceptable insolvency clause. For a domestic insurer, the insolvency clause shall conform to the requirements of Code Section 922.2(a)(2). For a foreign insurer, the insolvency clause shall require, in substance, payment of the reinsurance by the reinsurer to the conservator, liquidator, rehabilitator or statutory successor, without diminution because of the insolvency of the ceding insurer, or because the conservator, liquidator, rehabilitator or statutory successor has failed to pay all or a portion of any claim. The insolvency clause may also provide that the conservator, liquidator, or statutory successor of a ceding insurer shall give written notice of the pendency of a claim against the ceding insurer indicating the policy or bond reinsured, within a reasonable time after such claim is filed and the reinsurer may interpose, at its own expense, in the proceeding where such claim is to be adjudicated, any defense or defenses which it may deem available to the ceding insurer or its conservator, liquidator, or statutory successor. The expense thus incurred by the reinsurer shall be payable subject to court approval out of the estate of the insolvent ceding insurer as part of the expense of conservation or liquidation to the extent of a proportionate share of the benefit which may accrue to the ceding insurer in conservation or liquidation, solely as a result of the defense undertaken by the reinsurer.

(e) The agreement shall meet the credit for reinsurance requirements of the NAIC Accounting Guidance that are not inconsistent with the requirements of this article.

(f) Reinsurance of individual risks pursuant to facultative certificates issued by the reinsurer shall not be required to comply with subdivision (b) of this section.

(g) A denial of statement credit shall be made in the manner prescribed in Section 2303.19(c) of this article.

Note: Authority Cited: Sections 922.8, California Insurance Code; CalFarm Insurance Company v. Deukmejian, 48 Cal. 3d 805 (1989); and 20th Century Insurance Company v. Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 922.2, 922.3 and 923, California Insurance Code.

§ 2303.14 FORM OF AGREEMENTS

(a) This section specifies contract provisions required to be included in a reinsurance contract for which a domestic insurer or a volume insurer claims statement credit. The failure to follow a requirement does not result in a denial of statement credit, but rather a determination that the reinsurance contract is deficient as to form. One or more reinsurance contracts that are deficient as to form may be sufficient to support a finding that the insurer's reinsurance arrangements are materially deficient for purposes of Code Section 700(c) and 717(d).

(b) A reinsurance contract shall be determined to be deficient as to form if it does not comply with each of the following requirements:

1. If an agreement contains an "early termination" provision wherein a party may terminate the agreement upon the occurrence of specified conditions, the following requirements apply to a termination by the reinsurer:
 - A. The basis for termination may not include the entry of an order of rehabilitation, conservation or liquidation against the ceding insurer.
 - B. The provision shall require written notice to the ceding insurer of not less than sixty (60) days prior to the effective date of termination,
 - C. The provision shall require signature upon delivery of the notice and may specify procedures to establish proof of attempted service if signature is refused.
 - D. The provision may state that upon receipt of a notice sent by the reinsurer, the ceding insurer may consent to a lesser notice period.
 - E. The provision may state that it shall not be construed to include termination of the contract for cause.
2. If the contract provides for payments between the parties to be transmitted through an intermediary, the contract shall include the following provision:

"Payments by [the ceding insurer] to the intermediary shall be deemed to constitute payment to (the reinsurer). Payments by (the reinsurer) to the intermediary shall be deemed to constitute payment to (the ceding insurer) only to the extent that such payments are actually received by (the ceding insurer)."

Notwithstanding this requirement, the parties to the reinsurance contract may agree therein that the reinsurer may make payment directly to the ceding insurer with notice of the payment sent to the intermediary.

(c) A reinsurance contract of a volume insurer is not deficient as to form on the grounds of failure to comply with the requirements of subdivision (b) of this section if:

1. On the date of execution of a new or renewal contract the insurer was not a volume insurer; or
2. The insurer was not a volume insurer in the year preceding the execution of a new or renewal contract, and the contract was executed within one hundred twenty (120) days of the “as of” date of the insurer’s most recent annual statement.

(d) The reinsurance arrangements of a domestic or volume ceding insurer may be determined to be materially deficient for purposes of Code Section 700(c) and 717(d) if (1) the arrangements include one or more reinsurance contracts that are deficient as to form, and (2) the aggregate amount of business ceded by the deficient contracts is an amount that equals or exceeds 25% of either the total premium or total liabilities as reported on the ceding insurer’s most recent financial statement. “Total premium” and “total liabilities” include both direct and assumed business. “Total liabilities” is defined in Section 2303.15(h) of this article.

(e) Reinsurance of individual risks pursuant to facultative certificates issued by the reinsurer shall not be required to comply with subdivision (b) of this section.

(f) Section 2303.14 of this article shall not be construed as stating the only bases for a determination by the Department that a reinsurance agreement is deficient as to form or the reinsurance arrangements of a licensed insurer are materially deficient.

Note: Authority Cited: Sections 720, California Insurance Code; CalFarm Insurance Company v. Deukmejian, 48 Cal. 3d 805 (1989); and 20th Century Insurance Company v. Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 700 and 717, California Insurance Code.

§ 2303.15 OVERSIGHT OF REINSURANCE TRANSACTIONS

(a) It is a condition to the issuance of a Certificate of Authority that the policyholder surplus of a licensed insurer shall at the time of admission and at all times subsequent be reasonable in relation to the insurer’s outstanding liabilities and adequate to its financial needs, as determined by applying the following factors, among others:

1. The size of the insurer, as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria.
2. The extent to which the insurer’s business is diversified among the several lines of insurance.
3. The number and size of risks insured in each line of business.

4. The extent of the geographical dispersion of the insurer's insured risks.
5. The nature and extent of the insurer's reinsurance program.
6. The quality, diversification, and liquidity of the insurer's investment portfolio.
7. The recent past and projected future trend in the size of the insurer's investment portfolio.
8. The recent past and projected future trend in the size of the insurer's surplus, and the policyholder surplus maintained by other comparable insurers.
9. The adequacy of the insurer's reserves.
10. The quality and liquidity of investments in subsidiaries made under Code Section 1215.1. The Commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of the policyholder's surplus whenever, in his judgment, the investment so warrants.
11. The quality of the company's earnings and the extent to which the reported earnings include extraordinary accounting items.

(b) Except for cessions to affiliates, the failure of a domestic insurer or volume insurer to retain at least 10% of direct premium written per line of business may be grounds for a finding that the insurer's reinsurance arrangements are materially deficient for purposes of Code Section 717(d). The Commissioner may consent to a lesser percentage of retained risk upon demonstrated business necessity. If the consent permitted by this subdivision is not obtained during the review of a filing made pursuant to Code Section 1215.5(b)(3) or subdivisions (e) or (g) of this section, an application for such consent may be made in the manner provided in Section 2303.22(f) of this article.

(c) As used in this section:

1. "One party" includes a pool of affiliated insurers, or two or more insurers within the same group of affiliated insurers.
2. "Assumption" means assuming risk by indemnity reinsurance.
3. "Sale" or "purchase" includes the transaction commonly referred to as "assumption reinsurance."

(d) As used in Code Section 1011(c), the term "substantially its entire property or business" means an amount of business such that the sale, cession, assumption or purchase thereof has the potential to render a company insolvent or create a hazard to its policyholders or creditors. A sale, cession, assumption or purchase that equals or exceeds either 75% of an insurer's total premium or 75% of its total liabilities, calculated before the subject transaction, shall constitute "substantially its entire property or business" for purposes of Code Section 1011(c). This subdivision shall not be construed as limiting the type of transactions within the scope of Code Section 1011(c).

(e) A licensed insurer that enters a transaction, under one or more agreements with one party, that is within the scope of subdivision (d) of this section without obtaining the prior written consent of the Commissioner as provided in this article is subject to a proceeding initiated pursuant to Code Section 1011. An application for the Commissioner's consent to such a transaction may be submitted as provided in Section 2303.22(g) of this article, and shall satisfy any filing requirement of Code Section 1215.5(b)(3) for the transaction.

Where the transaction is an affiliate transaction by a licensed insurer that is a member of an insurance holding company system and the insurer is exempt from registration pursuant to Code Section 1215.4(a), the application shall be in the form of a notice of the transaction submitted by the insurer to the Department as provided in Section 2302.22(g) of this article. The notice shall include: (1) the names and relationships of the parties to the transaction, (2) the identity of the domiciliary regulator responsible for review of the transaction pursuant to the applicable insurer holding company system act, (3) an estimate of total liabilities ceded under the agreement, and (4) a copy of the reinsurance agreement. Unless the Commissioner objects within 90 days of receipt of the notice, the Commissioner shall be deemed to have consented to the transaction.

(f) The Commissioner's consent to a cession of 100% of direct written premium on prospective business to an inter-company pool shall be conditioned upon (1) the agreement providing a retrocession to the ceding insurer of an amount not less than 10% of its direct written premium, and (2) the ceding insurer either maintaining surplus at a level sufficient to cover its direct writings, or including within the reinsurance agreement provisions that protect the ceding insurer in a manner satisfactory to the Commissioner.

(g) Unless a reinsurance agreement is filed with the Department pursuant to Code Sections 1011.5 or 1215.5(b)(3), or is an affiliate transaction by a licensed insurer that is a member of an insurance holding company system and the insurer is exempt from registration pursuant to Code Section 1215.4(a), a licensed insurer which intends to sell, cede, assume or purchase an amount of business that equals or exceeds either 50% of its total premium or 50% of its total liabilities under one or more agreements with one party, shall submit the proposed transaction to the Commissioner for his examination and a determination that the transaction is not objectionable for purposes of Code Section 717(d). The 50% calculation shall be made before the subject transaction. The transaction shall be submitted for examination as provided in Section 2303.22(h) of this article and shall be deemed not objectionable if the Commissioner has not objected within 90 days of its receipt by the Department.

(h) For purposes of the calculations required by subdivision (d) and subdivision (g) of this section:

1. "Total premium" and "total liabilities" include both direct and assumed business.
2. "Total liabilities" shall mean:
 - A. In the case of property and casualty business, the aggregate of the following items:
 - (i) Reserves for losses reported and outstanding;

- (ii) Reserves for losses incurred but not reported;
 - (iii) Reserves for allocated loss expenses; and
 - (iv) Unearned premiums.
- B. In the case of life and health business, the aggregate of the following items:
 - (i) Aggregate reserves for life policies and contracts net of policy loans and net due and deferred premiums;
 - (ii) Aggregate reserves for accident and health policies;
 - (iii) Deposit funds and other liabilities without life or disability contingencies; and
 - (iv) Liabilities for policy and contract claims.
- 3. “Liabilities” shall include modified coinsurance reserves for reinsurance assumed and shall exclude modified coinsurance reserves for reinsurance ceded.
 - (i) Where security for a cession is not provided because the reinsurer is a licensed insurer or an accredited reinsurer, the Commissioner may condition consent or non-objection to a transaction filed with the Department by a domestic or volume insurer pursuant to subdivision (e) or (g) of this section upon including within the reinsurance agreement provisions that protect the ceding insurer in a manner satisfactory to the Commissioner.
 - (j) If the ceding insurer is either a domestic insurer or a volume insurer, and the reinsurance agreement provides for the transmission of payments between the parties through an intermediary, then the following provisions shall apply:
 - 1. Consent, approval or non-objection to the transmission of payments through the intermediary in a transaction filed with the Department pursuant to subdivision (e) or (g) of this section may be conditioned upon the intermediary providing the following documents, authenticated as required by Section 2303.17(c) of this article:
 - A. A copy of the intermediary’s most recent financial statement provided to its client insurer;
 - B. A copy of the intermediary’s most recent independent audit report, if any;
 - C. If the intermediary is not independently audited, an un-audited balance sheet, income statement, and statement of cash flow, each with an “as

of” date of not more than 90 days prior to the date of filing of the reinsurance agreement under review by the Department;

- D. A statement of funds the intermediary holds in fiduciary accounts; and
 - E. A description of any professional liability or fidelity insurance policies or bonds naming the intermediary as an insured or principal.
- 2. A satisfactory examination report of the intermediary issued by the Department with an “as of” date of not more than 3 years prior to the date of the filing of the reinsurance agreement under review by the Department may be submitted by the intermediary in lieu of the items listed in paragraph (1) above.
 - 3. At his discretion, the Commissioner may initiate an examination of the intermediary and condition his consent, approval or non-objection to the transmission of payments through the intermediary upon the subsequent receipt of a satisfactory examination report. In determining whether an examination should be initiated, the Commissioner shall consider the projected aggregate amount of payments to be transmitted quarterly through the intermediary, the relative financial strength of the parties to the agreement, the availability and adequacy of any fidelity bonds or insurance, and the length of time since the last examination of the intermediary, if any. Transmission of payments through the intermediary shall be deemed non-objectionable to the Commissioner for the subject agreement, if he has not objected to the payment arrangement on the grounds of an unsatisfactory examination report within 180 days after issuing the conditional consent, approval or non-objection.

(k) The Department may coordinate the examination of a transaction with other interested state regulatory authorities. In the case of an affiliate transaction filed with the Department pursuant to subdivision (e) of this section by a licensed insurer that is a member of an insurance holding company system and is exempt from registration pursuant to Code Section 1215.4(a), the Department shall coordinate its examination of the transaction with the domestic state regulatory authority that is principally responsible for the licensed insurer's holding company system transactions.

(l) Upon denial of an application for consent filed pursuant to subdivision (e) of this section, or disapproval or objection to a transaction filed pursuant to Code Section 1215.5(b)(3) or subdivision (g) of this section, the Department shall issue a finding in the form of a written explanation setting forth the reasons for the determination. The determination may be appealed to the Chief of the Financial Surveillance Branch or to the successor position after a reorganization of the Department, in a manner consistent with making a request for a permitted accounting practice.

(m) If, subsequent to the Commissioner’s consent, approval or non-objection to an agreement, the parties desire to amend the agreement, notice of the proposed amendment shall be filed with the Commissioner not less than 30 days prior to its execution for a determination of whether a new application or filing will be required. Notice shall be filed in the manner prescribed in Section 2303.22(k) of this article. A copy of the notice shall also be provided to

the Department's financial analyst and attorney who had been assigned review of the initial application or filing. The notice shall include a copy of the amendment and an explanation of the reason therefor, along with a copy of the Commissioner's prior written consent or non-objection, if any. "Consent" includes transactions where consent is deemed pursuant to subdivision (e) of this section. "Non-objection" includes transactions deemed not objectionable pursuant to subdivision (g) of this section. The amendment shall not require a new application or filing if the Commissioner has not advised of the need for such within 30 days of receipt of the notice; however, the failure to timely object shall not be construed to limit the power of the Commissioner to object to the amendment upon a subsequent renewal or amendment of the amended agreement.

(n) The reporting requirements of subdivision (m) of this section shall not apply to a special acceptance. As used in this subdivision, "special acceptance" means the extension of a reinsurance contract to embrace a specific risk not automatically included within its terms, for example, a different class of business, an inordinate size of obligation, or an excluded risk, where, once accepted, all other contract terms apply.

(o) Any consent granted by the Commissioner is conditioned upon the truth and veracity of the documents and information submitted by or on behalf of the licensed insurer making the application or filing. If the Department determines that the documents or information submitted were materially false or misleading, or that material information was not disclosed, the consent granted shall be void ab initio. If the Department determines that a licensed insurer has violated the terms of the consent granted in any manner, the consent granted may be terminated immediately at the discretion of the Commissioner. As used in this subdivision, "consent granted" includes an approval, the issuance of a notice of non-objection, and the failure to timely respond to a notice or filing made pursuant to subdivisions (e), (g) or (m) of this section. Willfully providing false information to the Department for any purpose shall constitute a material deficiency under Code Section 717(e) and (h) and is grounds for revocation of a Certificate of Authority.

(p) This article shall not be construed as limiting the type of reinsurance arrangements that may be determined materially deficient for purposes of Code Section 717(d).

(q) When a licensed insurer is sold as a corporate shell, or when a sale of the insurer or other circumstance results in a significant change in the insurer's operations so that all or a majority of the documents previously submitted to the Department by the insurer concerning its operations are no longer valid:

1. The insurer shall, within 60 days after a sale or other significant change in its' operations, submit for examination by the Department all documents the Department deems necessary to determine compliance with Code Section 700(c); for good cause shown, the time to submit required documents may be extended;
2. A filing for a determination of compliance with Code Section 700(c) may be made in the manner set forth in Section 2303.22(i) of this article;
3. The insurer may continue its operations while the examination is pending;

4. With respect to a licensed insurer not seeking an amendment to its Certificate of Authority or other approval from the Department, the burden of establishing any material deficiency under Code Section 717 shall be on the Department; and
5. Notwithstanding the provisions of this subdivision, a licensed insurer shall not transact insurance, as that term is defined in Code Section 35, without first obtaining the approvals that may be required from the Department, such as prior approvals for rates or policy forms.

(r) When the Department requests a formal commitment from a licensed insurer to undertake a future act, the commitment made on behalf of the insurer shall be in the form of a certified copy of a board resolution or, at the discretion of the Department, a writing signed by (1) the insurer's chairman, president or any vice president and (2) the insurer's corporate secretary, any assistant secretary, chief financial officer or any assistant treasurer. The Department may require that signatures be notarized.

(s) The verified report of examination required by Code Section 734.1 to be issued after a regularly scheduled examination of all the affairs of a licensee shall not routinely be issued in conjunction with the limited examination of a licensee's reinsurance arrangements that is required or permitted by this article. Nor shall a verified report of examination routinely be issued for examinations that are limited in scope and undertaken in the routine oversight of a licensee's financial affairs. Notwithstanding the foregoing, a formal report of examination shall be issued upon the written request of the examined licensed insurer. The written request shall include an acknowledgement that further examination may be necessary in order to prepare the formal report of examination specified in Code Section 734.1.

§ 2303.16 LIST OF VOLUME INSURERS

(a) The definition of "volume insurer" in Section 2303.2(w) of this article uses the same threshold test as that used for a "commercially domiciled" insurer in Code Section 1215.13(a) of the Holding Company Act. By definition, all commercially domiciled insurers are volume insurers under this article. However, not all volume insurers are commercially domiciled insurers, in that a licensed insurer may meet the threshold test for volume insurer and not be a member of an insurance holding company system.

(b) On or before April 15 of each year, the Department shall publish on the Department's public website a list of foreign insurers that have attained the status of volume insurer for the year, and a list of foreign insurers that have attained the status of commercially domiciled insurer for the year.

Note: Authority Cited: Sections 720, California Insurance Code; CalFarm Insurance Company v. Deukmejian, 48 Cal. 3d 805 (1989); and 20th Century Insurance Company v. Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 700 and 717, California Insurance Code.

§ 2303.17 EXAMINATION OF REINSURANCE INTERMEDIARIES

(a) The Commissioner may examine the business and affairs of a reinsurance intermediary whenever he deems necessary, or upon application as provided in this article. The examination shall include a determination of the intermediary's compliance with applicable provisions of the California Insurance Code and its ability to fulfill its obligations.

(b) An application for an examination by the Commissioner of a licensed reinsurance intermediary may be made by a licensed insurer on behalf of the intermediary, or by the intermediary. The application shall include:

1. A copy of each financial statement provided by the intermediary to its client insurers within the three years prior to the filing of the application;
2. A copy of each audit report with an "as of" date within the three years prior to the filing of the application, along with responses to the report findings, if any;
3. If the intermediary is not independently audited, an un-audited balance sheet, income statement, and statement of cash flow, each with an "as of" date of not more than 120 days;
4. A statement of funds held in fiduciary accounts;
5. A description of any professional liability or fidelity insurance policies or bonds naming the intermediary as an insured or principal;
6. If the application is requested by an insurer on behalf of an intermediary, a written consent by the intermediary to the examination; and
7. Additional documents and records as may be requested by the Commissioner.

(c) Each financial statement submitted to the Department by or on behalf of an intermediary shall be certified by an officer of the intermediary as being a true copy of the original, and shall contain a statement signed by the intermediary's chief financial officer under penalty of perjury attesting to the veracity of the financial statement.

(d) Following completion of an examination, the Department shall provide the intermediary with a copy of the examination report, together with a notice that the intermediary has 15 days to make a written submission or rebuttal with respect to any matters contained within the examination report. Within 15 days after expiration of the time to respond, the Commissioner shall fully consider the examination report and any responsive submissions by the intermediary and either adopt the examination report as prepared by the examiner or with modifications or corrections, or reject the examination report and require re-opening of the examination for purposes of obtaining additional information.

(e) In conducting the examination, the Commissioner shall observe those guidelines and procedures set forth in the Examiner's Handbook adopted by the NAIC as may be relevant to the examination of an intermediary, and may employ other guidelines or procedures which he

deems appropriate. All documents disclosed in connection with the examination may be used by the Commissioner and shall be given confidential treatment by the Commissioner to the same extent as provided in Code Section 735.5 for documents disclosed in connection with the examination of insurers.

(f) An examination of an intermediary shall be at the expense of the intermediary, unless the examination is undertaken at the request of an insurer. The Commissioner shall not commence an examination requested by an insurer until receipt of a written commitment from the insurer, satisfactory to the Commissioner, that the insurer shall promptly pay all costs of the examination.

(g) Requests for an examination of a reinsurance intermediary shall be made following the procedures set forth in Section 2303.22(j) of this article.

(h) A licensed intermediary shall annually file with the Department a copy of the financial statement required by Code Sections 1781.6(c) or 1781.9(b), authenticated as required by subdivision (c) of this section.

§ 2303.18 REPORTING OF REGULATORY ACTION

An insurer that is either licensed or accredited in this state shall provide written notice to the Department within five (5) days of receipt of notice in any form or manner that it is the subject of a regulatory order or regulatory oversight by any state in which it is licensed concerning a hazardous financial condition. Where the regulatory action is confidential, disclosure to the Department is required only if permitted by the regulator issuing the order or initiating the oversight.

Garamendi, 8 Cal. 4th 216 (1994). Reference: Sections 700, 717, 730, 733, 922.4, 923, 925, 925.2, 925.4, 1011, 1215.5(f), and 12921, California Insurance Code.

§ 2303.19 DENIAL OF STATEMENT CREDIT AND NON-ADMISSION OF ASSETS

(a) Credit on financial statements for reinsurance ceded shall be denied if the applicable requirements of Sections 2303.3 through 2303.13 of this article have not been met, by non-admission of recoverables on paid losses, disallowance of recoverables on unpaid losses, or a requirement to use deposit accounting for the cession.

(b) Reinsurance recoverables that are due more than 90 days from a reinsurer to a domestic insurer on paid losses or paid loss adjustment expenses may, in the Commissioner's discretion, be required to be reported as non-admitted assets. A domestic insurer may follow the NAIC Accounting Guidance when reporting reinsurance recoverables due more than 90 days on its financial statements, unless the Commissioner expressly requires the financial statements to reflect the subject recoverables as non-admitted assets.

(c) Upon a determination that credit for reinsurance ceded shall not be permitted or an asset is deemed non-admitted, the Department shall issue a finding in the form of a written explanation to the ceding insurer setting forth the reasons for the determination. The determination may be appealed to the Chief of the Financial Surveillance Branch or to the successor position after a reorganization of the Department, in a manner consistent with making a request for a permitted accounting practice.

(d) Denial of credits on financial statements for reinsurance ceded pursuant to subdivisions (a) and (b) of this section shall not be construed to be the only adjustments for reinsurance contemplated under the California Insurance Code. To the extent that the NAIC Accounting Guidance prescribes additional reductions in credits for reinsurance or additional liability provisions for reinsurance, the NAIC Accounting Guidance shall be followed.

(e) If a volume insurer is denied statement credit pursuant to this section or elects to forego a claim for statement credit in California to avoid compliance with a requirement of this article, the volume insurer shall report any variance between the credit claimed in California and the credit claimed in its state of domicile. The variance shall be reported on a form specified by the Department in the annual statement instructions. The Department may consider the variance in all evaluations of the financial strength of the volume insurer, including, but not limited to, whether to restrict the insurer's writing of new business in California.

§ 2303.20 COMMISSIONER'S DISCRETION

The Commissioner may exercise discretion in requiring strict compliance with the requirements of this article where the Commissioner determines that (1) the variance is reasonable and justifiable in relation to the insurer's overall financial condition, (2) the true financial condition of the insurer may be elicited from analysis of the financial statements and other public documents as may be filed, and (3) compliance would cause undue hardship to the insurer.
